

Philadelphia Cardiovascular Summit

November 2-3, 2018

Sofitel, Philadelphia, Pa.

Day 1

Friday, November 2, 2018

Time	Title
7:00 am	Registration and breakfast
7:45 am	Welcome remarks <i>John J. Lynch, III, CEO, Main Line Health</i>
7:55 am	Opening remarks <i>Konstadinos A. Plestis, MD</i>

Electrophysiology

Moderator: Peter R. Kowey, MD

8:00 am	AF detection: What's new <i>Christopher B. Granger, MD</i>
8:20 am	How should we select patients for catheter ablation? <i>Douglas B. Esberg, MD</i>
8:40 am	Stroke protection in AF: Drugs <i>Jonathan P. Piccini, MD</i>
8:55 am	Stroke protection in AF: Devices <i>William A. Gray, MD</i>
9:10 am	Intraoperative and postoperative management of AF in valvular and non-valvular surgery <i>Niv Ad, MD</i>
9:30 am	CV surgery and electrophysiology: Where are the opportunities for a combined interdisciplinary approach to AF? <i>Felix Yang, MD</i>
9:50 am	Channelopathies for clinicians <i>Alexander Burashnikov, PhD</i>
10:10 am	Panel discussion

10:40 am Break

10:55 am	Keynote lecture Atrial fibrillation surgery: A historical perspective <i>James Cox, MD</i>
----------	---

11:40 am Break: Pick-up lunch and return to lecture hall

Philadelphia Cardiovascular Summit

Philadelphia, Pa.
November 2-3, 2018

11:55 am **Working lunch: Electrophysiology case presentations**

Moderator: Peter R. Kowey, MD

Matthew Goldstein, MD

Sheetal Chandhok, MD

Amanulla Khaji, MD

12:55 am **Debate**

Moderator: Joseph E. Bavaria, MD

SAVR and TAVR panel discussion: Review of critical recent observations, what do they mean for us?

Rohinton J. Morris, MD

Scott Goldman, MD

Leonard Lee, MD

Paul Coady, MD

Nicholas Ruggiero, II, MD

Hemal Gada, MD

Pulmonary thromboembolic disease

Moderator: Lee W. Greenspon, MD

Co-moderator: Geno Merli, MD

1:55 pm Critical care concerns and the development of pulmonary embolism response teams (PERT): A multidisciplinary approach for acute PE
Lee W. Greenspon, MD

2:15 pm Catheter directed therapies for PE: Patient selection and device options
Jay Giri, MD

2:35 pm The role and implementation of ECMO in the management of the PE patient
Eric Gnall, DO

2:55 pm Acute surgical thrombectomy for patients with massive PE: A viable option?
Ramin Malekan, MD

3:15 pm Panel discussion

3:25 pm Break

3:40 pm CTEPH: Patient evaluation, medical and operative management and expected outcomes
Paul Forfia, MD

4:00 pm Balloon pulmonary angioplasty for CTEPH: Challenges and evolving strategies for the right patient
Riyaz Bashir, MD

4:20 pm The VTE epidemic: Summary of care issues
Geno Merli, MD

Philadelphia Cardiovascular Summit

Philadelphia, Pa.

November 2-3, 2018

4:50 pm Case presentations (3)

5:50 pm **Closing remarks and adjournment**
Konstadinos Plestis, MD

6:00 pm **Welcome cocktail reception – Sofitel lobby**

7:00 pm Faculty dinner

Philadelphia Cardiovascular Summit

Philadelphia, Pa.
November 2-3, 2018

Day 2

Saturday, November 3, 2018

Time	Title
7:00 am	Breakfast
7:30 am	Opening remarks <i>William A. Gray, MD</i>

Controversies in the management of functional mitral valve regurgitation

Moderator: William A. Gray, MD

7:35 am	Functional MR: Medical options and the timing of referral for repair <i>Andrew J. Boyle, MD</i>
7:55 am	Surgical approach to functional MR: One size does not fit all <i>Michael A. Acker, MD</i>
8:15 am	Transcatheter management of functional MR: Current and future devices <i>Isaac George, MD</i>

Coronary controversies

Moderator: Francis Sutter, DO

8:35 am	Transcatheter management of the multivessel CAD patient: Physiologic testing, imaging and choice of tools <i>Antonis Pratsos, MD</i>
8:50 am	All arteries, all the time, short-term risks and long-term benefits, conduits during CABG <i>Joseph Sabik, MD</i>
9:05 am	Total surgical revascularization, avoiding sternotomy <i>Joseph McGinn, MD</i>
9:20 am	Robotic revascularization: Factors to consider when advising the patient <i>Bob Kiaii, MD</i>
9:35 am	Hybrid coronary revascularization: Collaboration where it counts <i>John Puskas, MD</i>
9:50 am	Hybrid outcomes <i>Francis Sutter, DO</i>
10:05 am	Break

Philadelphia Cardiovascular Summit

Philadelphia, Pa.
November 2-3, 2018

Aortic controversies

Moderator: David A. Cohen, MD

- 10:15 am The genetics of aortic aneurysm disease
Reed E. Pyeritz, MD, PhD
- 10:35 am What are the current guidelines for treating thoracic aortic disease?
Eric M. Isslebacher, MD
- 10:55 am Large vessel vasculitis: Takayasu's arteritis and giant cell arteritis
Jeffrey E. Olin, DO
- 11:15 am Panel discussion

11:25 am Break: Pick-up lunch and return to lecture hall

11:35 am **Working lunch: Case presentations (3)**
Moderator: Konstadinos Plestis, MD
Christopher R. Burke, MD and Oleg Orlov, MD
(Others to be confirmed)

Vascular controversies

Moderator: Alexander Uribe, MD

- 12:35 pm Current management of aortic dissections
Prashanth Vallabhajosyula, MD
- 12:55 pm What is the role of open repair in AAA?
Benjamin Jackson, MD
- 1:15 pm AAA: The current state of endovascular repair
Paul Dimuzio, MD
- 1:35 pm TAA: Is endovascular repair the future?
Joseph Lombardi, MD
- 1:55 pm TAA: Is open repair still the gold standard?
Konstadinos Plestis, MD
- 2:15 pm Panel discussion
- 2:25 pm **Closing remarks and adjournment**
Konstadinos Plestis, MD
